

Multi-Branch Hotel PMS — QA Test Workflow

Version: 1.0 **Date:** September 18, 2026 **Purpose:** Step-by-step test procedures for human testers to validate each module across all roles.

How to Use This Document

1. Each tester is assigned one or more **roles** (e.g., Front Desk, Cashier).
 2. Log in with the assigned role's test account.
 3. Follow every step in order. Mark each step **PASS** or **FAIL**.
 4. If a step fails, write the failure description in the **Notes** column and file a bug report.
 5. A module passes only if **all** its steps pass.
-

Test Accounts

Role	Email	Default Branch
Global Admin	admin@hotel.com	All branches
Property Owner	owner@hotel.com	All branches
Branch GM	gm@hotel.com	Main branch
Front Desk	frontdesk@hotel.com	Main branch
Housekeeper	housekeeper@hotel.com	Main branch

Kitchen Staff	kitchen@hotel.com	Main branch
Laundry Attendant	laundry@hotel.com	Main branch
Cashier	cashier@hotel.com	Main branch
Auditor	auditor@hotel.com	Main branch

Note: Confirm these accounts exist in the database seeder before testing. If not, create them via `php artisan db:seed`.

Pre-Test Checklist

- ☐ Application is running (`php artisan serve` or equivalent)
- ☐ Database is seeded (`php artisan db:seed`)
- ☐ All migrations have run (`php artisan migrate`)
- ☐ Frontend assets are compiled (`npm run build`)
- ☐ A valid room exists in the test branch (e.g., Room 101)
- ☐ A valid guest exists (e.g., John Doe, john@example.com)
- ☐ A confirmed reservation exists for the test guest
- ☐ At least one outlet exists (e.g., Restaurant, Bar)
- ☐ At least one menu item exists with a price
- ☐ Browser console has no JavaScript errors on page load

Module 1: Authentication & Profile

Applies to: All roles

Step	Action	Expected Result	Pass/ Fail	Notes
1.1	Navigate to <code>/login</code>	Login form renders with email and password fields		

1.2	Enter valid credentials and submit	Redirected to / dashboard		
1.3	Verify sidebar shows correct modules for your role	Only permitted modules appear		
1.4	Click your username/avatar in the top-right	Profile dropdown appears		
1.5	Click "Profile"	Profile page loads with your name and email		
1.6	Update your name and click Save	Success toast appears, name is updated		
1.7	Click "Security" in settings	Password change form appears		
1.8	Enter current password and new password, save	Success toast appears		
1.9	Log out and log in with the new password	Login succeeds with new password		
1.10	Try accessing a URL you don't have permission for (e.g., /admin/users as Front Desk)	403 error or redirect		

Module 2: Dashboard

Applies to: All roles

Step	Action	Expected Result	Pass/ Fail	Notes
2.1	Navigate to / dashboard	Dashboard loads with stats cards		
2.2	Verify stats display: Occupied rooms, Revenue, Occupancy %	Numbers are non-negative and reasonable		
2.3	Check the date range filter (if present)	Changing dates updates the stats		
2.4	Verify the quick-actions section (if present)	Links navigate to correct modules		

Module 3: Reservations

Applies to: Global Admin, Property Owner, Branch GM, Front Desk

3A: Create Reservation

Step	Action	Expected Result	Pass/ Fail	Notes
3.1	Navigate to / reservations	Reservation list loads with table		
3.2	Click "New Reservation" button	Create form loads		
3.3	Fill in guest name, email, phone	Fields accept input		
3.4	Select a room type	Room type is selected		

3.5	Select check-in and check-out dates	Dates are valid (check-out after check-in)		
3.6	Select a rate plan	Rate plan is selected, total amount calculates		
3.7	Submit the form	Success toast, redirect to reservation show page		
3.8	Verify confirmation number is displayed (e.g., RES-XXXXXX)	Confirmation number is shown		

3B: Check-In

Step	Action	Expected Result	Pass/Fail	Notes
3.9	Open a confirmed reservation	Show page loads with status "confirmed"		
3.10	Click "Check In" button	Confirmation dialog or inline action		
3.11	Confirm check-in	Status changes to "checked_in", room status changes to "occupied"		
3.12	Verify room status on /rooms page	Room shows as "occupied"		

3C: Check-Out

Step	Action	Expected Result	Pass/ Fail	Notes
3.13	Open a checked-in reservation	Show page loads with status "checked_in"		
3.14	Click "Check Out" button	Confirmation dialog		
3.15	Confirm check-out	Status changes to "checked_out", room status changes to "cleaning"		
3.16	Verify folio is created	Folio page shows charges and balance		

3D: Cancel Reservation

Step	Action	Expected Result	Pass/ Fail	Notes
3.17	Open a confirmed reservation (Branch GM or Admin only)	Show page loads		
3.18	Click "Cancel" button	Confirmation dialog		
3.19	Confirm cancellation	Status changes to "cancelled"		

3E: Edit Reservation

Step	Action	Expected Result	Pass/ Fail	Notes
3.20	Open a reservation and click "Edit"	Edit form loads with current data		

3.21	Change the check-out date	Date field updates		
3.22	Save changes	Success toast, dates are updated		

3F: Tape Chart

Step	Action	Expected Result	Pass/Fail	Notes
3.23	Navigate to / tape-chart	Tape chart grid loads		
3.24	Verify rooms are displayed with status colors	Occupied rooms show different color than available		
3.25	Click on an available room slot	Quick reservation form or detail appears		

3G: Cross-Branch Search (Global Admin / Property Owner only)

Step	Action	Expected Result	Pass/Fail	Notes
3.26	Navigate to / reservations/cross-branch-search	Search form loads		
3.27	Search by guest name or confirmation number across branches	Results from multiple branches appear		

Module 4: Rooms

Applies to: Global Admin, Property Owner, Branch GM, Front Desk, Housekeeper, Laundry Attendant

Step	Action	Expected Result	Pass/Fail	Notes
4.1	Navigate to / rooms	Room list loads with table		
4.2	Verify room numbers, types, and statuses display	All fields populated correctly		
4.3	Filter rooms by status (e.g., "available")	Table filters to show only matching rooms		
4.4	Click a room to view details	Room detail page loads		
4.5	Update room status (e.g., mark as "cleaning" then "available")	Status updates with success toast		
4.6	(Admin only) Create a new room	Room form loads, fill in number/ type/floor, save	Room appears in list	
4.7	(Admin only) Edit room details	Edit form loads, change room type, save	Changes reflected	
4.8	(Admin only) Delete a room	Confirmation dialog, confirm delete	Room removed from list	

Module 5: Guests

Applies to: Global Admin, Property Owner, Branch GM, Front Desk

Step	Action	Expected Result	Pass/Fail	Notes
5.1	Navigate to guest search or list	Guest list/search loads		
5.2	Search for a guest by name	Matching guests appear		
5.3	Click a guest to view profile	Guest profile page loads with contact info and reservation history		
5.4	Verify VIP status badge displays correctly	Badge shows VIP level or "none"		
5.5	Edit guest information (name, email, phone)	Fields are editable, save succeeds		
5.6	Create a new guest	Guest form loads, fill required fields, save	Guest appears in list	

Module 6: Housekeeping

Applies to: Global Admin, Property Owner, Branch GM, Front Desk, Housekeeper

Step	Action	Expected Result	Pass/Fail	Notes
6.1	Navigate to / housekeeping	Task list loads		

6.2	Verify tasks show room number, status, and assigned staff	All fields populated		
6.3	(Front Desk/GM) Create a new housekeeping task for a room	Task form loads, select room, assign staff, save	Task appears in list	
6.4	(Housekeeper) Start a task	Task status changes to "in_progress"		
6.5	(Housekeeper) Complete a task	Task status changes to "completed"		
6.6	Verify mobile view (/housekeeping/mobile)	Mobile-optimized task list loads		
6.7	(Housekeeper) Pull to refresh on mobile	Task list updates		

Module 7: Maintenance

Applies to: Global Admin, Property Owner, Branch GM, Front Desk

Step	Action	Expected Result	Pass/Fail	Notes
7.1	Navigate to /maintenance	Ticket list loads		
7.2	Click "New Ticket"	Ticket creation form loads		
7.3	Fill in title, description, priority, room	Fields accept input		

7.4	Submit the ticket	Success toast, ticket appears in list with status "open"		
7.5	Open the ticket and click "Start Work"	Status changes to "in_progress"		
7.6	Click "Complete"	Status changes to "completed"		
7.7	If room is linked, click "Lock Room"	Room becomes locked for maintenance		
7.8	Click "Unlock Room"	Room becomes available again		
7.9	Delete a ticket (GM/Admin only)	Ticket removed from list		

Module 8: Folios & Billing

Applies to: Global Admin, Property Owner, Branch GM, Front Desk, Cashier

8A: Folio Management

Step	Action	Expected Result	Pass/Fail	Notes
8.1	Navigate to / folios	Folio list loads		
8.2	Open a folio	Folio detail loads with transactions		

8.3	Verify transaction table shows date, type, description, debit, credit	All columns populated		
8.4	Verify balance calculation	Balance = sum of debits - sum of credits		
8.5	Post a charge to the folio	Charge form loads, enter description and amount, save	Transaction appears	
8.6	Record a payment	Payment form loads, enter amount and method, save	Balance decreases	
8.7	Print the folio (Bill page)	<code>/folios/{id}/bill</code> loads with print-friendly layout		

8B: Cashier Operations

Step	Action	Expected Result	Pass/Fail	Notes
8.8	Log in as Cashier, navigate to <code>/pos</code>	POS outlet list shows only assigned outlets		
8.9	Click an outlet to open the terminal	POS terminal loads with menu items		
8.10	Add items to the order	Items appear in the order list with correct prices		
8.11	Adjust quantity or remove an item	Order total updates correctly		

8.12	Post charge to a room (reservation mode)	Select reservation, confirm, charge posted to folio		
8.13	View folio from Cashier role	Navigate to /folios, open the linked folio, verify charge appears		

Module 9: Food & Beverage — KDS

Applies to: Global Admin, Property Owner, Branch GM, Kitchen Staff

Step	Action	Expected Result	Pass/ Fail	Notes
9.1	Navigate to /kds	Kitchen display loads with pending orders		
9.2	Verify order items, quantities, and special instructions	All details displayed		
9.3	Mark an item as "preparing"	Status updates on the display		
9.4	Mark an item as "ready"	Status updates, color changes to green		
9.5	Verify stock toggle on menu items	Toggle availability on / menu-items, item disappears/reappears on POS		

Module 10: Food & Beverage — Menu Items & Outlets

Applies to: Global Admin, Property Owner, Branch GM (manage); Front Desk, Kitchen Staff (view)

Step	Action	Expected Result	Pass/ Fail	Notes
10.1	Navigate to /menu-items	Menu item list loads		
10.2	Click "New Menu Item" (manage roles only)	Creation form loads		
10.3	Fill in name, price (in cents), category, outlet	Fields accept input		
10.4	Save the menu item	Success toast, item appears in list		
10.5	Edit a menu item	Edit form loads, change price, save	Price updated	
10.6	Navigate to /outlets	Outlet list loads		
10.7	Create a new outlet (manage roles only)	Outlet form loads, fill name/type/code, save	Outlet appears	
10.8	Assign a cashier to an outlet (/settings/cashier-outlets)	Cashier outlet assignment page loads		
10.9	Check a cashier's outlet checkbox and save	Cashier can now see that outlet in POS		

Module 11: Food & Beverage — Inventory

Applies to: Global Admin, Property Owner, Branch GM, Front Desk, Kitchen Staff (view); manage for GM/Admin/Owner

Step	Action	Expected Result	Pass/Fail	Notes
11.1	Navigate to / inventory	Inventory list loads		
11.2	Verify item names, quantities, and unit	All fields populated		
11.3	Create a new inventory item (manage only)	Form loads, fill name/quantity/unit, save	Item appears	
11.4	Restock an item	Restock form, enter quantity, save	Quantity increases	
11.5	Transfer stock between outlets (GM/Admin only)	Transfer form loads, select source/destination/quantity, save	Stock adjusts	

Module 12: Laundry

Applies to: Global Admin, Property Owner, Branch GM, Front Desk, Laundry Attendant

Step	Action	Expected Result	Pass/Fail	Notes
12.1	Navigate to / laundry	Laundry order list loads		

12.2	Create a new laundry order (Front Desk/ GM)	Order form loads, select room/ reservation, add items, save	Order appears with status "pending"	
12.3	Mark order as "picked up" (Laundry Attendant)	Status changes to "picked_up"		
12.4	Mark order as "delivered"	Status changes to "delivered"		
12.5	Open delivered order and verify items	Items and charges displayed correctly		

Module 13: Channels & CRS

Applies to: Global Admin, Property Owner, Branch GM

Step	Action	Expected Result	Pass/Fail	Notes
13.1	Navigate to / channels	Channel provider list loads		
13.2	Click "Sync Rates" on a channel provider	Sync process initiates, success toast with count		
13.3	Click "Pull Reservations"	Pull process initiates, reservations imported		

13.4	Navigate to / crs	Central Reservations list loads		
13.5	Create a CRS reservation	Form loads, fill details, save	Reservation created with confirmation number	

Module 14: City Ledger

Applies to: Global Admin, Property Owner, Branch GM

Step	Action	Expected Result	Pass/Fail	Notes
14.1	Navigate to / city-ledger	City ledger account list loads		
14.2	Click "New Account"	Account creation form loads		
14.3	Fill in company name, contact, email, credit limit, payment terms	Fields accept input		
14.4	Save the account	Success toast, account appears in list		
14.5	Open the account	Account detail page loads with balance and transactions		
14.6	Post a charge	Charge form loads, enter amount, save	Balance increases	

14.7	Record a payment	Payment form loads, enter amount, save	Balance decreases	
14.8	View statement (/city-ledger/{id}/statement)	Statement page loads with all transactions		

Module 15: Revenue Management

Applies to: Global Admin, Property Owner, Branch GM

15A: Yield Rules

Step	Action	Expected Result	Pass/Fail	Notes
15.1	Navigate to /yield-rules	Yield rule list loads		
15.2	Create a new yield rule	Form loads, fill occupancy range/adjustment %, save	Rule appears	
15.3	Toggle a rule active/inactive	Badge changes between "Active" and "Inactive"		
15.4	Edit a rule	Edit form loads, change values, save	Changes reflected	
15.5	Delete a rule	Confirmation dialog, confirm	Rule removed	

15B: Rate Plans & Overrides

Step	Action	Expected Result	Pass/Fail	Notes
15.6	Navigate to / settings/ rate-plans	Rate plan list loads		
15.7	Create a rate plan	Form loads, fill name/code/type/ multiplier/dates, save	Plan appears	
15.8	Navigate to / rate-overrides	Rate override list loads		
15.9	Create a rate override for a specific date	Form loads, select room type/date/ price, save	Override appears	

Module 16: Analytics & Reports

Applies to: Global Admin, Property Owner, Branch GM, Auditor

Step	Action	Expected Result	Pass/Fail	Notes
16.1	Navigate to / analytics	Analytics dashboard loads		
16.2	Verify occupancy chart, revenue chart, ADR	Charts render with data		
16.3	Navigate to / reports	Reports page loads		
16.4	View Group Ledger report	Group ledger list loads		

16.5	Open a group ledger entry	Detail page loads with financial data		
16.6	Export a report (Night Audit / Financial)	CSV/PDF download initiates		
16.7	Navigate to / reports/pnl	P&L report loads with revenue and expense categories		
16.8	Navigate to / reports/channel-yield	Channel yield report loads		
16.9	Navigate to / reports/tax-liability	Tax liability report loads		

Module 17: Audit Flags

Applies to: Global Admin, Branch GM (view only), Auditor (manage)

Step	Action	Expected Result	Pass/Fail	Notes
17.1	Navigate to / audit/flags	Audit flag list loads		
17.2	Verify flags show transaction details and status	All fields populated		
17.3	(Auditor) Review a flag	Flag status changes to "reviewed"		
17.4	(Auditor) Suppress a flag	Flag status changes to "suppressed"		

17.5	Verify GM can view but not review/suppress	Review/Suppress buttons are hidden or disabled		
------	--	--	--	--

Module 18: Administration

Applies to: Global Admin (full); Property Owner, Branch GM (limited)

18A: Branch Management

Step	Action	Expected Result	Pass/Fail	Notes
18.1	(Admin) Navigate to / admin/branches/create	Branch creation form loads		
18.2	Fill in branch name, code, address, phone	Fields accept input		
18.3	Save the branch	Success toast, branch created		
18.4	Switch branches from the sidebar dropdown	Branch switches, data refreshes for new branch		

18B: User Management

Step	Action	Expected Result	Pass/Fail	Notes
18.5	Navigate to / admin/users	User list loads		
18.6	Click "Add User"	User creation form loads		

18.7	Fill in name, email, password, select role and branch	Fields accept input		
18.8	Save the user	Success toast, user appears in list		
18.9	Edit a user's role or branch	Edit form loads, change role, save	Role updated	
18.10	Deactivate/delete a user (Admin only)	Confirmation dialog, confirm	User removed	

18C: Roles & Permissions (Admin only)

Step	Action	Expected Result	Pass/Fail	Notes
18.11	Navigate to <code>/admin/roles</code>	Role list loads with permission counts		
18.12	Open a role	Role detail shows all assigned permissions		
18.13	Assign a permission to a role	Checkbox toggles, save succeeds		

18D: Data Import (Admin only)

Step	Action	Expected Result	Pass/Fail	Notes
18.14	Navigate to <code>/admin/import/rooms</code>	Room import page loads with CSV upload		

18.15	Upload a valid CSV of rooms	Rooms are imported, success message		
18.16	Navigate to <code>/admin/import/guests</code>	Guest import page loads		
18.17	Upload a valid CSV of guests	Guests are imported		
18.18	Navigate to <code>/admin/import/reservations</code>	Reservation import page loads		
18.19	Upload a valid CSV of reservations	Reservations are imported		

Module 19: Settings

Applies to: Global Admin, Auditor (manage); others view-only where permitted

Step	Action	Expected Result	Pass/Fail	Notes
19.1	Navigate to <code>/settings/payment-guard</code>	Payment guard policy page loads (Admin/Auditor only)		
19.2	Update the payment guard policy	Policy updated, success toast		
19.3	Navigate to <code>/settings/branding</code>	Branding settings page loads (Admin only)		
19.4	Upload a logo	Logo uploads and displays		

19.5	Remove the logo	Logo removed, default displays		
19.6	Navigate to / settings/ appearance	Appearance settings load (all authenticated users)		
19.7	Toggle dark mode	Theme switches between light and dark		

Module 20: Guest Portal (Public)

Applies to: No login required — test in incognito/private browser

Step	Action	Expected Result	Pass/Fail	Notes
20.1	Navigate to /book	Booking engine loads with search form		
20.2	Select dates and search for availability	Available room types display with prices		
20.3	Select a room type and proceed to booking form	Guest details form loads		
20.4	Fill in guest details and submit	Reservation created, confirmation page loads		
20.5	Navigate to /guest/ folio/ {confirmation}	Guest folio loads with reservation details		

20.6	Navigate to <code>/guest/order/{confirmation}</code>	Guest ordering page loads with outlet list		
20.7	Select an outlet and add items to cart	Items appear in cart with correct prices		
20.8	Place the order	Success message, order appears in KDS		
20.9	Navigate to <code>/guest/order/{confirmation}/track/{orderId}</code>	Order tracking page loads with status steps		
20.10	Navigate to <code>/guest/payment/{confirmation}</code>	Guest payment page loads		
20.11	Submit a payment	Payment processes, folio balance updates		

Module 21: Tablet Ordering (Public)

Applies to: No login required — test on tablet device or emulated viewport

Step	Action	Expected Result	Pass/Fail	Notes
21.1	Navigate to <code>/tablet/{confirmation}/menu</code>	Tablet menu loads with categories and items		

21.2	Browse categories by clicking category tabs	Menu items filter by selected category		
21.3	Add items to cart	Cart badge updates, items appear in cart panel		
21.4	Adjust quantities in the cart	Total updates correctly		
21.5	Place the order	Success message, order sent to KDS		
21.6	Track the order on /tablet/{confirmation}/track/{orderId}	Status steps display, updates in real-time via WebSocket		
21.7	(Admin) Pair a tablet via /tablet/pair	Tablet paired to a room		
21.8	(Admin) Wipe a tablet session via /tablet/wipe	Session cleared, tablet returns to pairing state		

Module 22: Branding & Appearance

Applies to: Global Admin

Step	Action	Expected Result	Pass/Fail	Notes
22.1	Navigate to /settings/branding	Branding settings page loads		

22.2	Upload a hotel logo	Logo preview updates		
22.3	Save branding settings	Success toast, logo visible in sidebar/ header		
22.4	Remove the logo	Default branding restored		

Module 23: Notifications & Real-Time

Applies to: All roles (where applicable)

Step	Action	Expected Result	Pass/ Fail	Notes
23.1	Open KDS in one browser tab	KDS page loads		
23.2	Place an order from POS in another tab	Order appears on KDS in real-time without page refresh		
23.3	Update order status on KDS	Status updates reflect on tracking page in real-time		
23.4	Verify toast notifications appear on successful actions	Green success toasts display and auto-dismiss		
23.5	Verify error toasts appear on failed actions	Red error toasts display with error message		

Module 24: RBAC — Permission Denial

Verification

Applies to: Each role tests their own restrictions

For each role below, log in and attempt the restricted actions. Verify they are blocked.

Front Desk Restrictions

Step	Action	Expected Result	Pass/ Fail	Notes
24.1	Try to delete a reservation	Button hidden or 403 error		
24.2	Try to access / admin/users	403 error or redirect		
24.3	Try to manage yield rules (/yield-rules)	Page not visible in sidebar, direct URL returns 403		
24.4	Try to access / settings/payment-guard	403 error		

Housekeeper Restrictions

Step	Action	Expected Result	Pass/ Fail	Notes
24.5	Try to access / reservations	403 error or page not in sidebar		
24.6	Try to create a reservation	Button hidden or 403 error		
24.7	Try to access / folios	403 error or page not in sidebar		

Kitchen Staff Restrictions

Step	Action	Expected Result	Pass/ Fail	Notes
24.8	Try to access / reservations	403 error or page not in sidebar		
24.9	Try to access /folios	403 error or page not in sidebar		
24.10	Try to manage menu items (create/edit)	Button hidden or 403 error		

Laundry Attendant Restrictions

Step	Action	Expected Result	Pass/ Fail	Notes
24.11	Try to access / reservations	403 error or page not in sidebar		
24.12	Try to access / folios	403 error or page not in sidebar		
24.13	Try to access /kds	403 error or page not in sidebar		

Cashier Restrictions

Step	Action	Expected Result	Pass/ Fail	Notes
24.14	Try to access / reservations	403 error or page not in sidebar		

24.15	Try to manage rooms (/rooms create/edit)	Button hidden or 403 error		
24.16	Try to access /admin/users	403 error		

Auditor Restrictions

Step	Action	Expected Result	Pass/Fail	Notes
24.17	Try to access /reservations	403 error or page not in sidebar		
24.18	Try to create a reservation	Button hidden or 403 error		
24.19	Try to access /rooms	403 error or page not in sidebar		
24.20	Try to access /kds	403 error or page not in sidebar		

Sign-Off

Bug Report Template

When a test step fails, file a bug report with:

```
**Title:** [Module Name] – Brief description of failure
**Role:** [Role used during test]
**Step:** [Step number from this document]
**Environment:** Browser, OS, screen size
**Steps to Reproduce:**
1. ...
2. ...
3. ...
**Expected Result:** [What should happen]
**Actual Result:** [What actually happened]
**Screenshots/Video:** [Attach if possible]
**Severity:** Critical / High / Medium / Low
```
